

Family Court Support Services

- Provide support to victims of domestic violence navigating the family court system
- Increase the victim's access to services and supports
- Facilitate the victim's understanding of the family court system
- Provide the victim with safety planning and risk assessments including safety related to court attendances
- Liaise with the criminal court where charges have been laid against the alleged offender
- Information on divorce/separation, financial settlement and child/spousal support
- Accompanying the victim to court proceedings where appropriate
- Services are also provided in various South Asian languages

All our services are confidential and free of charge

The Family Court Support Services program is a French language designated service
